In the total column at the end of the week, place the number of days attendance for that week. Do not count institute days, parent-teacher conferences or emergency days. Add those days in the appropriate place at the bottom of the page. The total days will automatically total. Your pupil attendance days should be 176 days minus the number of parent-teacher conference days. Pupil attendance days will be the total number for each month plus 5 emergency days. (Deduct these later.)
